KOOTENAY ALPINE CHEESE

AT MOUNTAIN VALLEY DAIRY,

Sold Out!!

Our Cheese:

We make a trinity of alpine cheeses made with whole raw, organic milk from our own herd of contented cows.

Alpindon, is similar to a Beaufort, a firm French cave aged, flavourful alpine cheese.

Mountain Grana is an aged Italian hard cheese with a sweet, lingering taste

Nostrala is a mild firm cheese with a subtle creamy texture

Dear Valued Customers,

Sadly, we have sold out of all our cheese except some seconds of "winter" Nostrala that we have available for restaurant/cooking use only.

We won't have full inventory again until early summer. We will yell it from the mountaintops as soon as we can offer them to you.

Our on farm retail shop will remain open as we make some more "winter Nostrala" and "winter Mountain Grana" but we will only have Nostrala 2nds available to buy.

We are so sorry for the interruption.

We value your business and hope we can continue as soon as possible.

Wayne and Denise Harris and family,

Kootenay Alpine Cheese Co.

What's New on the Farm?

Still snow!!!!

Seems like a long winter but the odd warm afternoon and a few brave robins give hints of spring.

Wayne and Denise Harris and family
